

# Monthly Indicators

## December 2016

Most of 2016 offered the same monthly housing market highlights. The number of homes for sale was drastically down in year-over-year comparisons, along with days on market and months of supply. Meanwhile, sales and prices were up in most markets. Unemployment rates were low, wages improved and, as the year waned, we completed a contentious presidential election and saw mortgage rates increase, neither of which are expected to have a negative impact on real estate in 2017.

New Listings were down 8.1 percent to 308 in Stark County and down 46.4 percent to 15 in Carroll County. Pending Sales increased 10.1 percent to 283 in Stark County and increased 71.4 percent to 24 in Carroll County. Inventory shrank 28.5 percent to 1,068 units in Stark County and shrank 27.3 percent to 96 units in Carroll County.

Median Sales Price was up 11.5 percent to \$129,000 in Stark County and down 8.2 percent to \$139,500 in Carroll County. Days on Market in Stark County increased 6.7 percent to 80 days in Stark County and decreased 1.8 percent to 110 days in Carroll County. Months Supply of Homes for Sale was down 29.3 percent to 2.9 months in Stark County and down 40.3 percent to 4.0 months in Carroll County, indicating that demand increased relative to supply.

The overwhelming feeling about prospects in residential real estate for the immediate future is optimism. Real estate professionals across the nation are expressing that they are as busy as ever. There are certainly challenges in this market, like continued low inventory and higher competition for those fewer properties, but opportunities abound for creative and diligent people prepared to put in the necessary amount of work.
